

To create a PDF version of your notation,  
click **Render to PDF** on the Lilypond tab.

Your PDF will be rendered and displayed here.

To update the PDF to match the current state of the project,  
you may click **Render to PDF** on the Lilypond tab at any time.

Click **Download PDF** to download the displayed PDF.

**Refresh PDF** will reload the display of your PDF,  
but will not update it with new content.
